

## **UEM Edgenta Awarded the “Facility Management Company of The Year 2022” title by Frost & Sullivan**

**KUALA LUMPUR, 14 December** – UEM Edgenta Berhad (“UEM Edgenta” or the “Company”), the region’s leading Asset Management and Infrastructure Solutions company has been conferred as the 2022 Frost & Sullivan Malaysia Facility Management Company of the Year Award for their contribution to the facility management sector. This 7<sup>th</sup> consecutive accolade places UEM Edgenta as a market leader and frontrunner in the facility management sector through its capabilities in integrated facilities management services, technology and digitization advancements, and sustainable solutions.

The award was presented to Rais Imran, UEM Edgenta’s Chief Strategy Officer, who accepted the award on behalf of UEM Edgenta at the recent 2022 Frost & Sullivan Best Practices Awards ceremony. UEM Edgenta maintained its market leadership through its global footprint, disciplined approach in driving cost efficiencies and diversifying into new revenue streams while maintaining a strong foothold in its core sectors. The Company is a pioneer in introducing sustainability and tech solutions to the regional and gulf facility management (“FM”) market.

“The future of FM is one that is driven by technology, sustainability, and customer experience. Across the world, asset owners and operators are increasingly transforming buildings and cities into one that is smart and sustainable. To this end, Edgenta is committed towards building a portfolio of solutions to cater to smart and sustainable buildings/cities – an anchor strategy towards being a tech-enabled FM company. As we seek to provide the best solutions and services fueled by technology and innovation, receiving this award demonstrates UEM Edgenta’s capabilities as the region’s leading Asset Management & Infrastructure Solutions provider. We are honored and grateful for the trust from our clients and Frost & Sullivan to have been conferred with this award,” added Rais.

“Frost & Sullivan research indicates that UEM Edgenta’s leading market positioning and well-strategized value propositions have led to consistent new customer acquisitions while ensuring that the company stays at the forefront in its digitalization and business sustainability plans. The Company have managed to stay at the vanguard of domestic market progression by strategizing through diversify risks and by exploring new growth markets, strengthening its leadership position in the country while creating stiff barriers to entry for new competitors,” said Janice Wung, Program Manager, Buildings Research.

The Company strive to drive resilient growth through Tech-enabled solutions and Sustainability programs across its operations while continue with digital transformation to provide the wider market

with end-to-end cloud infrastructure services across Malaysia, Singapore, Indonesia, Taiwan, India, United Arab Emirates and The Kingdom of Saudi Arabia.

The recipients of the 2022 Frost & Sullivan Best Practices Awards were identified based on their demonstration of excellence in growth strategy and implementation in its field. The award recognizes outstanding achievements and superior performances of companies in leadership, visionary innovation, market-leading performance, and customer value enhancement.
