UEM Edgenta Wins 3 Gold Awards at Malaysia Productivity Corporation's MTEx 2020

KUALA LUMPUR, 14 August – UEM Edgenta Berhad (“UEM Edgenta” or “the Company”) continues to prove its capability in enhancing the productivity and efficiency of its clients’ assets and operations through LEAN methodologies, technology and highly skilled workforce by winning three Gold Awards at the recent Malaysia Productivity Corporation (“MPC”) Mini Convention on Team Excellence 2020 (“MTEx 2020”).

This was shared by Syahrudin Samsudin, Managing Director/Chief Executive Officer (“MD/CEO”) of UEM Edgenta, at an event to celebrate the Company’s win, yesterday. True to UEM Edgenta’s belief in producing triple bottom line results, the three MTEx 2020 Gold Award winning projects answered the call for creative and innovative solutions to positively impact the Company’s operations in managing different asset types under its care, which include over 3,100 kilometres of highways and roads and more than 600 hospitals and buildings across the region.

“The awards are a testament to the skill, ingenuity and vision of our young workforce from the Healthcare Support, Property & Facility Solutions and Infrastructure Services divisions. I am impressed by the level of detailed execution to realise the results of their respective projects and this will serve as strong motivation for our employees to continue producing solutions to answer our clients’ greatest operational needs,” said Syahrudin.

MPC MTEx is an annual event that serves as a platform for quality experts, practitioners and enthusiasts from all over the world to learn from the experiences and good practices of organisations and teams. Team Excellence applies various quality improvement tools and techniques in showcasing their various innovative projects during their presentation. Teams are assessed effectively and objectively by a panel of experienced judges.
