

## **UEM Edgenta Learning Centre is Now a Booster Shot Vaccination Centre**

**PETALING JAYA, 23 November** - UEM Edgenta Berhad (“UEM Edgenta” or the “Company”), has repurposed its training facility at UEM Edgenta Learning Centre (“UELC”), Petaling Jaya officially as a Public Vaccination Centre (“PPV”) for booster shots.

The PPV, established in collaboration with ProtectHealth, the Ministry of Health Malaysia (“MoH”), as well as supported by U.N.I.Klinik, will be operating from 9.00 a.m. to 4.00 p.m. daily, and is closed on Saturdays and Sundays.

Syahrnzam Samsudin, UEM Edgenta’s Managing Director/Chief Executive Officer said, “We welcome everyone to our PPV to receive their booster shots as part of our commitment to continue assisting the Government towards #ReopeningSafely. With economic activities picking up pace and border restrictions relaxed, our strategic and ideal location close to residential areas would also be useful for those staying in the Klang Valley.”

“We applaud MoH’s progressive efforts to administer booster shots across all types of vaccines nationwide. Hopefully with this move, we are further protected against COVID-19 and InshaAllah (God willing), our country can continue to work towards safe economic and social recovery,” he added.

Individuals are requested to check their appointments via the MySejahtera app and any walk-ins at the PPV will be on first-come-first-served basis, depending on the daily availability of booster shots.

Earlier, UEM Edgenta had converted its employee training and development facility – UELC – into a Private CAC powered by [QuickMed](#) followed by a PPV for adolescents aged 12 to 15 years old. The Private CAC has assessed almost 4,000 COVID-19 patients throughout its 3-months operation and to date, 25,718 individuals have received their vaccination shots at the UELC PPV.

-Ends-
