

COVID-19 Business Solutions

Keeping your people
and assets safe against
COVID-19

Disinfect your facilities & review safety guidelines

We apply **hospital-grade** sanitisation and disinfection protocols to your facilities to protect your people against the spread of COVID-19.

We also provide risk assessments which can prepare your team to return to work comfortably.

Test & protect your people

We offer both **Rapid Test Kit (RTK)** and **Polymerase Chain Reaction (PCR)** COVID-19 screening services, where our team can be deployed to your premise for convenience and limit contact exposure.

Screening results are certified by MoH-licensed doctors and laboratories.

Get your work premise certified

Increase customer and user confidence with the safety of your facilities through our accredited Safeguard certification in partnership with Bureau Veritas.

We will review and certify your facilities' preparedness and compliance with managing the risk of the pandemic.

Why should you choose us?

Trusted disinfection partner for **over 150 hospitals in the region**

One-stop centre for all your COVID-19 management needs

Quick mobilisation at competitive rates

Edgenta HQ in Bangsar South is the **1st corporate building in Malaysia*** to be Safeguard certified by Bureau Veritas

*Certified for complying to the implementation of hygiene excellence and safety controls in the country as at November 2020
